PLAN BATHING SUIT PARADE TO BOOST CIVIC CENTER

SCHOOL PUPILS WILL TAKE PART IN DEMONSTRATION MONDAY AFTERNOON

"WE WANT A SWIMMING POOL."
That is the banner under which a score or more Intermediate school pupils will parade in bathing suits next Monday afternoon in a big demonstration favoring the municipal gymnasium or civic center and the park bond issues.

"WE WANT A GYMNASIUM."
With that slogan boys in track suits will parade and a half hundred other similar signs will tell the story of the need this city has to meet in providing recreation for its youngsters.

This parade idea was outlined at a meeting of the Chamber of Commerce parks and civic center committee last night by Richardson D. White, chairman, who is superintendent of the Glendale grammar schools.

He requests that all of the youngsters who have swimming suits to bring them to school Monday morning in order that they may take part in the demonstration. It's your chance to get into a "reg'lar bathing suit parade."

Members of Committee

C. D. Lusby, C. W. Ingledue, W. B. Kirk, Principal George U. Moyse and Vice-Principal A. L. Ferguson of Glendale Union High school are other members of the committee.

Mr. Lusby will speak in favor of the bonds for both the park and civic center projects before the Tuesday Afternoon club this afternoon.

The committee is arranging for stickers for automobile windshields, and window cards to emphasize the needs of the swimming pool, gymnasium and other recreation centers in the eyes of the voters prior to the special municipal election on March 29. Circulars also will be sent home with all of the school children explaining the advantages in the parks and gymnasiums, according to Mr. White.

Glendale Seventh In Central League Meet

Glendale Union High school's track team came out at the small end of the horn in Central league meet at Alhambra Saturday. With only three markers it was seventh. Boehn in the pole vault and Beggs in the high jump were the two who placed. Citrus Union High school of Azusa won the pennant with Monrovia, Covina, South Pasadena, Alhambra and Franklin following in order.

Bundle Of Laundry Causes Her Arrest

A woman, who is charged by the Glendale police with having a bundle of laundry in her possession which she claimed she "found," was arrested last night and cited to appear before City Recorder F. H. Lowe tomorrow.

Recently milk bottles and other articles have been missing from the porches of various homes about the city and the police are making a determined effort to stop the pilfering.

School Children See Noted Mission Play

More than 150 Glendale school children and two dozen teachers left this afternoon on several special Pacific Electric trains for San Gabriel where they will attend the Mission Play by John S. McGroarty with Frederick Warde in the role of Father Junipero Serra.

Pleasant Disease Is Spreading Over City; Called 'Home Fever'

Speaking of building booms, Glendale is in the throes of the most acute attack of "home fever" that it ever has experienced.

Proof of this comes from H. D. Charlton, architect with the Bentley-Schoeneman Lumber company.

He has been so busy working on plans for new dwellings that he was bent over his drafting board late the other night at the company's office, 460 West Los Feliz road, when a business man hurried in and said:

"Can't you rush me out plans for a new home tonight? I want to start building in the morning."

"No, not tonight," Charlton replied, "but I can give the carpenters something to work on, however."

Then they both looked at the clock which all dread as the teller of man's losing race against time.

It was 12:01 a. m.

Wa-a-a! Tummy Hurts!

Here's a good little yarn from Pasadena.

All about a Glendale boy who ate too many oranges!

Rudy Murray, 6-year-old son of Mr. and Mrs. E. P. Murray of 1123 North Central avenue, was enjoying Sunday in the Crown City by eating the luscious golden globules when o-o-oh!

What a pain the little fellow had! The citric acid was playing hob with his "tummy."

So he was rushed to the Emergency hospital there and Police Surgeon T. A. Williams literally "bailed him out" of his state of misery.

And if Rudy's mamma offered him some orange juice this morning for his upset digestive system as the result of swallowing the "hook and sinker" of the doctor's apparatus, it is easy to figure out what he said. Simply:

"Blaaa! Unhuh! Naw! Rudy's had enough."

John W. Walter, Age 76, Taken By Death

John W. Walter, aged seventy-six, father of Mrs. H. G. Lucas of 514 East California street, died at the Glendale Sanitarium this morning, having been afflicted with paralysis for the last fifteen years. He was a veteran of the civil war, being a member of the Ohio volunteers.

Besides his daughter and her husband, other relatives surviving include two sons, Ward J. Walter of the Hinsdale Sanitarium at Hinsdale, Ill., and Webb J. Walter of Three Rivers, Mich.

The funeral will be held tomorrow afternoon at 2:30 o'clock from the Jewel City Undertaking parlors, Elder R. W. Munson, assisted by Elder E. A. Neff of the Seventh-day Adventist church, conducting the services. Interment will be in Forest Lawn cemetery.

E. J. Sutton Rents C. Kausen Residence

Charles Kausen has rented his home at 225 Burchett street to E. J. Sutton, who has taken over the Nash agency in Glendale. Mr. Sutton will take possession tomorrow and Mr. Kausen will move to another house which he owns at 423 Patterson avenue.

FRANCE MAKES DENIAL

PARIS, March 22.—It was officially denied today that General Weygand had been sent to Warsaw. It was reported the French general had been sent to confer with Polish military leaders on ways of meeting an alleged bolshevik plan for a renewed offensive.

COSTUMES OF LONG AGO ATTRACTION AT GATHERING

OLD FASHIONED EVENING IS THOROUGHLY ENJOYED BY CHORAL SOCIETY

A good, old-fashioned evening was enjoyed by the choral society of the Seventh-Day Adventist church Saturday night at the hospitable home of Mrs. Mary E. Shafer, 918 East Harvard street. The men of the party were surprised to see quite a number of old-fashioned costumes worn by the ladies present, one of whom, Mrs. Nelson, appeared to be a reincarnation of Lady Washington, so well did she represent the past. Others posed as grandmother, with powdered hair and appropriate dress, and some were just school girls with short skirts and locks tied back with huge bows.

The logs burned cheerily on the hearth as the popcorn and apples were passed around. Later on a candy pull was enjoyed.

Gives Interesting Talk

Elder R. W. Munson gave an interesting talk on the place of music and song in the days of temple service.

Elder and Mrs. I. A. Ford rendered a vocal duet entitled "Following Jesus."

A reading, "In-as-much," was given by Mrs. J. M. Benedict, and following this Mrs. Frances Leach ably rendered a solo, "The Prodigal Son."

Then, seated by the hearth, with lights burning dimly, Mrs. A. G. Ingle dreamily sang "Shadows." A general "sing" of old-time, familiar favorites was enjoyed by all.

Business items were disposed of early in the evening, leaving ample time to give to the evening's entertainment.

THIRD FLOOR ELKS CLUBHOUSE WILL BE FINISHED

TWELVE ADDITIONAL ROOMS TO BE SECURED; INVASION OF LONG BEACH PLANNED

Glendale lodge of Elks, No. 1289, held an important meeting last night, at which time thirty-one new members were initiated. One of the most important business matters to be taken up at this time was the re-establishment of the former building committee.

Two members of the original committee are now deceased, A. L. Weaver and Captain R. M. Jackson. The remaining members are John W. Usilton, chairman; Peter L. Ferry, Captain C. E. Stanley, James W. Pearson and L. C. Forrest of Fillmore.

It is proposed that plans for finishing the third floor be drawn, which would provide twelve additional rooms to be used for dormitory purposes, and that bids be secured.

The third floor had not been completed previous to this time for the reason that members of the lodge thought it best to wait until prices were again normal. They now deem it advisable to proceed with the plans and if the expense will not be too great to complete the building.

Program Is Presented

The initiatory work was performed by John Fanset, exalted ruler, and other presiding officers. Special speaker for the evening was Leo Youngworth, past exalted ruler of Los Angeles lodge No. 99 and also past United States district attorney. After the regular lodge session adjourned professional entertainers presented a program in the banquet room, including singing, juggling and several monologues.

Next Monday night, March 28, the Glendale officers and members will go to Long Beach to put on the initiatory work there. Three special Pacific Electric cars have been chartered and will leave Colorado and Brand boulevard at 6:45 o'clock. The lodge will be called at Glendale at 6 o'clock and a short meeting to dispose of necessary routine business. March 28 will be the last time that the present board of officers will present the work, new officers being installed April 4. It is anticipated that a large number of members will accompany the officers to the beach city.

WANT NEW STATE IN COLORADO

DENVER, March 22.—Agitation for the formation of a new state by separating the western slope of Colorado from the rest of the state has been begun by western slope newspapers.

GOVERNMENT SEEKS SCHOOL BUILDING FOR SOLDIERS

STRUCTURE FOR BENEFIT OF VETERANS AT THORNYCROFT NOW BEING SOUGHT

Looking for quick returns on your money?

It is understood that the government would like to give some Glendale man that opportunity.

A representative of the Federal Board for Vocational Education was in the city yesterday.

His mission was to find someone who would erect a school building within close proximity of Thornycroft sanitarium.

It would be a cheap frame structure with four or five class rooms and he stated that the rental would be sufficiently high to pay for its cost in two years' time.

Aid Ex-Service Men

In this building, which the specifications demand to be as close as possible to Thornycroft at Windsor Road and Adams street, the three score of disabled former service men will be given the opportunity of learning some new vocation as most of them are unfitted to follow lines of endeavor which they left to go to war.

Classes are already being organized at Thornycroft and it has been found necessary to get additional room for the school work. Such studies as stenography, typewriting, book-keeping and manual training are given as well as special courses for which the veterans are peculiarly fitted by their adversity.

F. A. CLARKE COMES HOME FROM TRIP TO HIS RANCH

PLANTS TEN MORE ACRES OF ALMONDS; SAN JOAQUIN IN PROSPEROUS CONDITION

F. A. Clarke and son, Wallace, of 351 Oak street returned Sunday night from a three-day trip to his ranch in Merced county. He reports the San Joaquin valley in excellent condition, due to the normal rainfall they are experiencing this year in the valley.

Mr. Clarke planted ten more acres of almonds this year and states that his last year's planting is coming along very nicely.

Mr. Clarke also reports that he witnessed the burning of the half-million Forsythe block in the city of Fresno. The firemen were helpless and devoted most of the time to the protection of adjoining property. The building was about twenty years old and when the wooden girders were destroyed the walls were left in such a weakened condition that it was an easy matter to fall them the following morning by directing a terrific stream against them.

Major M'Killip Will Be Glendale Visitor

A. L. Baird, of the Roy L. Kent company, has just received a letter from Major and Mrs. Monroe McKillip of Chicago stating that they left there last Thursday and are taking a leisurely trip westward. They will arrive in Glendale the latter part of this week and will be guests at the Baird home, 637 North Orange street.

Major McKillip since leaving the service of the United States army has been engaged in the manufacture of dresses for Montgomery, Ward & Co., with a factory at Battle Creek, Mich. He has sold out his interests there and intends to locate in California.

Shakespeare Section Of Club In Session

The Shakespeare section of the Tuesday Afternoon club met yesterday afternoon at the home of Mrs. L. I. Goldthwaite, 415 West Harvard street, under the direction of Mrs. O. E. Von Oven, curator for the section. The study of the second and third acts of "The Comedy of Errors" was taken up at this time. Arrangements were made for the section to put on some scenes at the district convention which will meet at Pomona next month. Dainty refreshments were served by the hostess.

MISS RUTH WILSON TO BECOME BRIDE OF L. A. LEWIS

LEAVES SOON FOR NEW YORK TO WED; ENTERTAINS AT ELABORATE FAREWELL

Miss Ruth Wilson entertained more than thirty-five of her friends at her home Saturday afternoon, at which time she announced that she is leaving Glendale April 11 for New York city, accompanied by Mrs. Meyer Lewis, where she will become the bride of Louis Alexander Lewis, junior member of the A. F. Lewis firm, editors and publishers of the Printing Trades Blue Book. Mr. Lewis, it will be remembered, was at one time connected with the Ford agency in Glendale.

Peach blossoms and pink crepe paper streamers decorated all the rooms of her home, 118 North Louise street. The centerpiece of the large dining table was a large kewpie dressed as a bride. Place cards were golden butterflies with spread wings, atop of which was a very tiny kewpie doll dressed as a bride, representing the bride flying away.

Guessing Contest Held

Lovely refreshments were served, in which the color scheme of pink and gold was further carried out.

One of the chief diversions of the afternoon was a guessing contest. Each guest was given a card containing a jumble of misspelled words with the instructions to guess what articles of a bride's trousseau they represented.

Mrs. Smith MacMullin won the prize.

Mrs. Meyer Lewis, with whom Miss Wilson is going east, resides in New York city and has been visiting her mother at Santa Barbara. They will stop in San Francisco, Denver and Chicago en route to New York city.

CARNEY SHOE STORE IS ROBBED OF ABOUT $500 IN MERCHANDISE

Five hundred dollars in merchandise was the loot carried away by two robbers at the Carney Shoe Store, 112 East Broadway. The theft occurred some time last night, entrance to the place of business being made by breaking a rear window.

After a careful survey of the entire stock, it was evident that the robbers were experienced clothiers, for they carefully selected a complete outfit and left their old clothes in the store.

Dave Carney expressed regret this morning that he could not provide them with a shower bath and valet service while they were making the change, as the rags they left indicated that they needed more than the clothes to make them look like gentlemen.

The best shoes in the store, serge pants, silk shirts and good caps were used in dressing themselves after they had selected the right size underwear, silk socks and hose supporters. They even stole the collar buttons and cuff links, taking the best jewelry in the display.

To provide against the day when brake beams should soil the stolen clothing, they took a complete change, each carrying away a valuable suitcase well filled with the choicest articles, such as silk ties, silk underwear, belts, hosiery and sweaters.

Both the police and Constable Purrier have been notified of the burglary, which must have taken more than an hour.

AMERICAN GOODS BURNED

PARIS—Large volumes of American goods, including rubber stores and cloth, were destroyed by a great fire at the camp of Is-sur-Tille, when the engineers' warehouses were destroyed. Fortunately, the blaze was put under control in time to save the remainder of the camp.

The accident rates in coal mines in England, France, Belgium, Germany, Austria and Japan are much lower than in America because all the miners in one mine speak the same language.

Taken From Jury Box; Charged With Stealing

PARIS, Ill.—Charles McClaskey was taken from the Edgar county jury box by Sheriff Sizemore, who carried a warrant charging McClaskey with stealing chickens.

Demands Police Make Her Hubby 'Move Over'

NEW YORK — Three hundred pounds of femininity marched into a police station and demanded that the cops make her husband move over in bed. "He's on my side," she cried. Cops took it under advisement.

Sudden Increase In Population Of Town

LANCASTER, Ohio—North Berne increased its population 74 per cent today. The population was nineteen until George W. Frazure moved his family of fourteen there.

TEARS TREASURED AS MEDICINE

Of all the curious medicines which the doctors of the world prescribe, perhaps none is more strange than that to which some doctors of Persia pin their faith. When a loved person dies in Persia the doctors hasten to attend the funeral, for they covet the tears of the mourners. Of course, only one Persian doctor is allowed the privilege of "cornering" the tears of any given funeral, but all would like to have them.

The moment a person begins to weep the doctor or his assistant hastens to the side of the crying one. Into his or her hand is slipped a piece of cotton wool with which to wipe the tears away. When the bit of cotton is soaking wet with the tears it is taken away by the master of ceremonies. Another piece of cotton is pressed into the hand of the weeper. The wet cotton is taken to a bottle, where every drop of the tears is squeezed out. This goes on so long as there are tears to be shed.

The bottle of tears is then preserved, for the Persians believe that tear-water is a powerful and efficacious restorative. It is used when all other medicines have failed to revive a sick person.

ANTS TAKE CARE OF "BEAUTY"

One may often see an ant pause in the midst of her duties in the field and begin to comb herself. She drops out of the gang of fellow-workers and, climbing a nearby clod, stands upon her hind legs and plies teeth, tongue and comb. From top of head to tip of hind legs she goes, smoothing out ruffled hairs and removing atoms of dirt invisible to the eye.

The ant's body is covered with a fine pubescence, which corresponds to the fur of animals. This is interspersed with bristles and spines which are sometimes jointed, and are so arranged as to aid materially in keeping the body clean. Particles of soil cling to this hairy covering, but the hair protects the body, keeping the dirt from the surface of the skin, allowing it to be shaken off easily. The brushing, washing and combing of this hairy coat constitute the insect's toilet making.

The tongue is one of the efficient articles of the toilet. Around the sides of this organ curves a series of ridges covered with hemispherical bosses. The ridges are hard and thus are fitted for the uses of a comb.

DATE GARDENS ARE PLANNED

RIVERSIDE—King C. Gillette, the well-known safety razor manufacturer and Thomas Rosenberger, a Los Angeles financier, will expend over $200,000 in new plantings of 190 acres of Deglet Noor and Saidy date palms near Indio, was announced here by H. D. Bradley, the Riverside engineer who has been employed by the new owners of the date tract.

Work on the date garden will begin at once, declared Bradley. It is declared by the new owners that no expense will be spared to make it one of the most beautiful date gardens in Coachella valley and it will also be one of the largest.

STUDY LIVE STOCK PROBLEMS

Mr. and Mrs. C. W. Stier and son Robert of 401 West Elk avenue are leaving Glendale on April 1 for New York. They will be accompanied by Mrs. Stier's mother, Mrs. Elizabeth Warren. It is their intention to return to Glendale before long, however.

Robert Bunker, who has been in the employ of the government installing a radio station at San Pedro, was the guest Sunday of Mr. and Mrs. Nathan Rigdon of 224 West Doran street and renewed acquaintanceship formed at San Diego some years ago.

Mr. and Mrs. E. J. Morgan of 1125 South Central avenue and their guest, Mrs. A. W. Bunnell of Connecticut, attended a dinner party at the home of friends in Los Angeles last week. Sunday they had as their dinner guests Mr. and Mrs. G. S. Shaver, Mr. Collins and Miss Collins of Los Angeles.

Mrs. Mabel Turpen of Rippey, Iowa, who has been spending the winter in California visiting relatives and friends, was the week-end guest of Mr. and Mrs. Ray Sherman, 902 East Wilson avenue. Mrs. Turpen was a neighbor for many years and a very dear friend of Mr. Sherman's mother, Mrs. Mattie Sherman, now deceased.

SAFETY DEVICE TO BE ADOPTED

VALPARAISO, Ind.—Installation of automatic train-stopping devices at the Porter, Ind., crossing of the New York Central and Michigan Central railroads, where thirty-seven persons lost their lives in a collision recently, may be ordered by state and federal authorities as a safeguard for the future.

So the public will know them and as an additional punishment, the chief of police of Juarez ordered the heads of all pickpockets shaved when culprits are released from prison.

WOMAN DRIVES CAR HERE FROM HOME IN MICHIGAN

TRIP TAKES TWO MONTHS AND SHE IS GIVEN OVATION AT STATE PICNIC

Mr. and Mrs. W. E. Scott and son, Howard, of Saginaw, Mich., are house guests at the home of Mr. and Mrs. Chester B. Williams of 224 North Central avenue, having motored to southern California where they intend making their home. They left the Michigan city on December 23 in the heart of the winter season.

The long automobile trip took about two months, many places being visited en route and they were overjoyed to find such a wonderful "out of doors" here awaiting them.

Mrs. Scott drove one car and her husband the other with a complete camping equipment.

At the Michigan picnic in Los Angeles last week she was given quite an ovation for the feat.

Result Of Election Is Blow To France

NEW YORK, March 22.—The pro-German result of the Upper Silesian plebiscite is a severe blow to France's strategic plans in Poland.

The French authorities therefore have already begun an agitation to override the result of the plebiscite and give Upper Silesia to the Poles by the fiat of the allied powers.

This is the explanation of the report from Paris that the council of ambassadors will protect Poland's interest in Upper Silesia. As a matter of fact, Upper Silesia hasn't been Polish for 700 years. Polish miners, however, long have resided in the district and the Polish-speaking residents outnumber the German. The result of the plebiscite shows that a great majority of the Polish-speaking miners voted for German sovereignty.

They evidently realized they could make more money and a better living if the mines were run by Germans than if by Poles.

On the Polish side of the Upper Silesian boundary are many mines which either are idle or worked with a minimum of result because of the Polish mismanagement. This object lesson undoubtedly had an effect on the voting.

Stillman Case To Be Opened Tomorrow

NEW YORK, March 22.—On the eve of the first open court hearing in the Stillman divorce scandal, reports of a private settlement were revised today.

Emphasis was placed in certain quarters on the fact that an applicant for a divorce must come into court "with clean hands and that charges regarding the alleged relations of James A. Stillman, multi-millionaire banker, with "Mrs. Florence N. Leeds" had made it difficult for him to obtain a decree in this state.

Should Stillman and his attorneys become convinced that counsel for Mrs. "Fifi" Potter Stillman can prove the allegations they have made against the banker, it was pointed out that his logical course would be to effect a settlement outside court as expeditiously as possible. There were said to be indications that Mrs. Stillman—who is understood to be more interested in clearing her name of the charges brought by her husband than in merely fighting his suit—would consider such a settlement.

But even though Mrs. Stillman should consent to withdrawal of the suit as applied to herself, it was stated on good authority that she will insist upon legal establishment of the legitimacy of her two-year-old son Guy who was named as co-defendant. This could be accomplished through a separate action.

The hearing which opens before Justice Morchauser in White Plains tomorrow, is technically, for the sole purpose of inquiring into Stillman's ability to pay the increased alimony and counsel fees asked by his wife. Even if he is put on the stand it is not believed the court will permit examination on any other point than his financial affairs.

BOND ISSUES WILL BE DISCUSSED AT MASS MEETING

PUBLIC INVITED TO ATTEND SESSION TO BE HELD AT HIGH SCHOOL TONIGHT

The West Glendale Progressive league, of which Isabel Barrett is president, has issued a public invitation to the citizens of Glendale to attend a mass meeting which will be held in the high school auditorium tonight at 7:45 o'clock, for the purpose of having a general discussion of proposed bond issues and suggested financial policies of the municipal water department.

Dwight Stephenson, president of the Board of City Trustees; T. W. Watson, city manager, and Dr. Carl Wilson, laboratory director of the Los Angeles water department, will be among the speakers. Lantern slides will be used by T. W. Watson, to illustrate present and future plans for the water development, and also by Dr. Wilson to illustrate what is being done to maintain the purity of the water supply. Dr. Wilson is employed by the city of Glendale for this purpose.

Election on March 29

The special election, at which time the people of Glendale will vote on these measures, takes place March 29, and one of the reasons for holding this meeting is so that an intelligent vote may be cast at this election.

It is stated that members of the league are prepared to ask the speakers a number of questions regarding the various issues involved for, it is declared, there seems to be a lack of complete understanding on the part of the voters as to just what is proposed by the suggested charter and the bond issues.

Drive Upon Congress In Behalf Farmers

WASHINGTON, March 22.—A drive upon congress in the interest of farmer relief legislation will be started coincident with the opening of the special session on April 11, it was learned today.

On that date delegates from all states will come here for an executive meeting of the American Farm Bureau federation, representing a million and a half farmers. A week later representatives of the National Farmers' Union and National Milk Producers' association will gather here. Delegates of all three organizations will urge upon congressmen that promises for relief be translated into action.

The farmers' demands will include one for an embargo on dairy products, hide and wool and other commodities. Farmers, according to their representatives, are losing hope in tariff relief, fearing that an emergency tariff may be held up in congress and that permanent revision may take from seven to nine months.

Bill Hart Prepares To Quit Film Work

LOS ANGELES, March 22—On the eve of his retirement from the movies William S. (Bill) Hart today reiterated a denial of published reports that he and Jane Novak, leading woman in many of his productions, are to be married.

"There is absolutely no truth in the rumor and I can't understand how it originated," he said.

Finishing seven years of continuous film work, Hart in a few days will abandon his Hollwood studio indefinitely.

"I have worked hard and I need a year's rest and play," he said. "I don't know whether I'll resume motion picture work again."

Hart is author of three books for boys. He said, however, that he has no intention to devote his time to writing, as has been reported. He probably will divide his time between his ranch in the foothill near here and his Hollywood home.

Five Held In Jail Suspected As Thieves

LOS ANGELES, March 22.—With five men in jail, police today believed they had rounded up a gang of automobile thieves that has operated in Riverside and Los Angeles.

Following a confession said to have been made by C. H. Huls, twenty-eight, a painter, the first to be arrested, four other men were taken into custody. Huls admitted, detectives asserted, that he and the other four broke into the Crosley garage in Riverside and stole a car and automobile accessories worth several hundred dollars. The machine and a number of tires have been recovered. The others held on suspicion of burglary are Frank Fisher, Harry Mathews, Raymond Foley and Clarence Hunt.

BUILDS 13 HOUSES IN THIS CITY IN PAST 18 MONTHS

NATHAN RIGDON WILL SOON START WORK ON TWO MORE GLENDALE RESIDENCES

Nathan Rigdon of 224 West Doran street, who has built thirteen residences in Glendale since coming here from San Diego eighteen months ago, is presently going ahead with a new two-story house at 654 North Central avenue and a one-story dwelling on Myrtle street near Central.

In his experience in the Mission district of the southern city, Mr. Rigdon found that there was a large demand in this part of California for the higher class of two-story homes, and he has followed this plan of building here to a large extent. Altogether he built more than 200 residences in San Diego, and he sees the opportunity of duplicating this record in Glendale.

Personal Supervision

It is Mr. Rigdon's belief that the only way to secure people of means is to have homes which meet their desire, and he personally supervises the building so that everything will be just as a home builder investing $10,000 to $20,000 would insist upon having himself.

Another builder whom Mr. Rigdon commended for this type of construction in the same section of Glendale where he is confining his activities is J. F. Stanford. All along Central avenue many fine homes have been built through the efforts of these two and it has been conducive to others to do likewise.

DISILLUSIONED COLONISTS

Life on the island of Palmito del Verde, where 300 former Yakima Valley residents are establishing a colony, is no longer the splendid adventure in a modern Garden of Eden which it once seemed. When the Yakimans left they were certain they were going to find a twentieth century Eden. Now many of them are getting discouraged and wish they were back in this valley, according to the letters received from them.

Miles Thomas, one of the emigrants, was bitten by a poisonous scorpion and is so ill that his recovery seems unlikely. Another man has been bitten by a centipede, and is also in a serious physical state.

The Yakimans are finding that weeds grow more rapidly and that the desire for work decreases. They have learned that during the rainy season the heavens give their sole and undivided attention to the business of pouring water. The ants swarm over the houses in myriads, the Yakima exiles have discovered, and they are compelled to construct coal oil barriers to protect their food. There is no doubt that the colonists are acutely homesick.

RESEARCH HOSPITAL SURGICAL NURSE ARRIVES HERE

MISS GRACE HORNUNG TAKES POSITION; MRS. M'MASTERS HAS OFFICE WORK

Miss Grace Hornung has arrived in Glendale from San Francisco to become the surgical nurse at the Glendale Research hospital which will open about April 1.

Mrs. Ida McMasters has been retained by the board of directors of the new institution to handle the office work under the direction of Miss Grace McKinley, head nurse, who is presently equipping the hospital and nurses' home.

The painters are putting the finishing touches on the interior decorating this week, and next week the furniture and supplies will be placed.

World Power Sought By Russia, Is Claim

LONDON, March 22.—Russia laid plans today to become a world power.

The French believing these plans included a military offensive on weak European nations hurriedly sent General Weygand to aid Poland in preparing her defenses. Despite the peace treaty signed last week, the French declared the soviets were piling up huge troop concentrations preparatory to a great drive on Poland.

France also declared there was proof of the soviet intention to go through with the former Russian plan of an extensive campaign which would take the red armies through Rumania, Hungary, Czecho-Slovakia and Serbia.

Meantime from Russian sources it was learned the soviets are preparing for commercial growth. This was reflected in the relenting of Nikolai Lenine as to communistic principles. He persuaded the Russian communists to approve free trade in surplus farm products and renunciation of requisitions on produce.

Germany Is Quiet In Face Of Victory

BERLIN, March 22.—Under advice of government officials, Germany was quiet today despite the overwhelming victory in the Upper Silesian plebiscite. Figures announced by Foreign Minister von Simons said the rich territory went to Germany by a vote of 713,700 to Poland's 460,700.

Analysis of the vote showed practically every person of voting age went to the polls in the city and the vote was almost 100 per cent.

Germans were warned today that Poland probably will ask the allies to use their prerogative of dividing the territory despite the vote. It was feared that the great mining district might be lost after all.

Five Questions Are Now Before Cabinet

WASHINGTON, March 22.—Five questions, demanding solution within the next few weeks, raced President Harding and his cabinet at their fifth meeting today. They included:

1—Demands of railway security holders for active government assistance.

2—The administration's policy toward trade with Russia.

3—The nature of farmer relief to be recommended to congress.

4—Reorganization of the shipping board and revision of the Jones merchant marine act requested by shipping men.

5—The attitude this government should take on questions likely to arise out of the visit of ex-Premier Viviani of France, now en route here.

The legislative program has been practically agreed upon and while Harding must give some thought to specific measures which will require consideration at the forthcoming session, he has to a large extent left the details of the emergency tariff, the anti-dumping, the American valuation and the revenue measures to legislative leaders.

Rich Coal District Is Lost To Germany

PARIS, March 22.—Germany, despite her victory in the plebiscite, will lose the rich coal district of Upper Silesia, it was indicated today on adjournment of the allied council of ambassadors.

It was stated unofficially that when the ambassadors meet early next month, Upper Silesia will be partitioned with the coal region, the district's greatest asset, going to Poland.

Denies That Japan Mobilizing For War

WASHINGTON, March 22.—Denial that Japan is "mobilizing for war," in the Pacific by fortifying her mandate islands was made today by Baron Shidehara, Japanese ambassador, in a statement to the United Press.

Insistent reports that Japan is fortifying these islands were branded as "pernicious," by Shidehara. His statement follows:

"In reply to an inquiry, the Japanese ambassador authorized the United Press to deny most categorically all reports that Japan has been fortifying or intends in any way to fortify any of the Pacific Islands to the north of the equator. He branded such reports as pernicious and absolutely false."

Secretary of War Weeks today denied reports that army forces in Hawaii were being doubled, because of agitation in Japan over the California alien land law question. He also denied the Panama canal zone force was being greatly increased.

TONGUE NO BACK SCRATCHER

He was having an all-around grouch at the hospital and its arrangements—the treatment was unskillful, the food was rotten, the attendants were uncivil.

"As for the bathrooms," he concluded,' "they're vile. In the one I used this morning there was only a tiny bit of soap, and there was no back brush."

"Well, you've got a tongue, haven't you?" snapped a nurse who overheard this.

"Yes, I have," he retorted. "But I don't happen to be a contortionist."

Says First Baseman Involved In Charges

PHILADELPHIA, March 22.—Charges that Gene Paulette, first baseman of the Philadelphia National League club, was involved in gambling activities in 1918 and 1919 are being investigated by Judge Landis, it became known here today.

"The charges against Paulette are very serious and I am awaiting the judge's decision in the case," William Baker, president of the club, said today.

Paulette's alleged activities are said to have come to the attention of John Heydler, president of the National league, when he came into possession of a letter said to have been written by Paulette to a St. Louis gambler.

Baker, upon hearing of it, notified Paulette not to report to the club until the case had been investigated. He is not now with the club and is said to have signed a contract to play with a semi-professional team in Massilon, Ohio. Manager Donovan is using Harry Leufel, an outfielder, in his place.

Baker intimated that if Paulette has signed with the Massilon club he is automatically suspended from organized baseball for five years.

Japanese Girls Want To Select Husbands

TOKIO—The rapid strides which Japan is making towards adoption of western civilization find expression in an agitation which is now on foot to have women have more to say about the selection of husbands than is now the case. Today such matters are almost entirely in the hands of parents who select husbands for their daughters, who obediently marry whomever they pick out. A recent article in a prominent Japanese magazine points out that while men never find any difficulty in securing mates, women must have money and training of one kind or another before they can find husbands.

Harding Favors Honor For 'Unknown' Soldier

WASHINGTON — President Harding has expressed a desire that the body of one unknown American soldier be buried with fitting honors at Arlington national cemetery next armistice day, it was learned by the war department. The president is arranging to take part in the exercises, it was said. The department probably will recommend to congress that a congressional medal of honor be awarded the unknown soldier.

Prohibition Officers Are Slain In Texas

EL PASO, March 22.—S. E. Beckett and Arch Wood, prohibition officers, were slain while searching for a suspected consignment of whisky at the Spearman ranch near here early today. The two officers were members of a party of federal agents who went to the ranch to intercept the alleged delivery of twenty-three cases of whisky. As they approached the ranch house they were called on to halt. As they advanced the party was fired on from the house, Beckett and Wood both being killed.

The volley broke up the attack and a call was sent to El Paso for reinforcements. Twenty officers responded and a search was begun for C. H. Spearman and his son, Neil, owners of the ranch.

The latter was arrested recently on a charge of having liquor in his home in El Paso. Both men are prominent in business and livestock circles.

Going To Have War; Who With? Don't Know

SACRAMENTO—The attempts of Harry Chamberlain of Los Angeles to make Senator E. S. Rigdon of San Luis Obispo a war prophet failed in the state senate.

Chamberlain was protesting the passage of the Rigdon bill which asks congress for an appropriation of $250,000 for the horse raising industry in California. It provides that stallions shall be shipped about the country in an effort to produce better horse stock. Rigdon declared the horse was a valuable asset to the army during war.

"When are we going to have another war?" asked Chamberlin.

"I don't know, but I am sure we are bound to have one," replied Rigdon.

"Who are we going to fight?" continued Chamberlin.

"I can't tell you," Rigdon answered.

The measure was passed with eight senators voting against it.

Way To Tell Sex Of Unhatched Chicks

RIPON, Cal. — William Preshaw, member of the local farm bureau, claims to have devised means of ascertaining the sex of chickens that will be hatched from eggs. His discovery consists of a piece of string and a 10-cent piece. A male strain, he contends, is indicated by the dime, strung on a pendulum, swinging lengthwise. If a female, it moves from side to side. The dime remains stationary if the egg is non-fertile.

Jewels Of Russian Czar Taken, Report

ROME, March 22.—Jewels and other finery, believed to have been property of the czar of Russia, were sequestrated today by the Italian government.

They were taken from the trunks of the new soviet representative here, despite his protests that as a diplomat his baggage was not subject to search.

M. Vorowski, head of the Russian delegation, which ranks as a commercial mission, today revoked his first decision to break off relations with Italy. His baggage yielded a gold collar studded with 83 pearls and other jewels and a tiara set with diamonds. The two pieces evidently were property of the czarina.

There was a regal dinner set of silver; a nuasmatic collection believed to have been the czar's, five priceless Persian tapestries and quantities of gold and platinum and costly furs.

Custom officers expected to find relics of the czar in the baggage, but declared they had not expected to find riches comparable only to the gifts carried by the queen of Sheba.

Municipal Control Sought, Is Charge

SACRAMENTO, March 22.—The Better America Federation of California will be fought in Sacramento county by the ex-Service Men's nonpartisan league, of Sacramento, it was declared in a meeting here last night. The league declared it would refuse to endorse any candidate put forth in any election who had received the endorsement of the Better America Federation.

The meeting of former service men charged that the Better America Federation was controlled by corporations, originated in Los Angeles and "its envoys were pouring across the Tehachapi bent on gaining ascendancy over the municipal governments of northern California."

Would Return Ring Lost 15 Years Ago

SAN FRANCISCO, March 22.—Fifteen years ago, 'tis said, a lady lost a ring in a San Francisco theatre.

The world didn't know it, however, until today when the following advertisement appeared in San Francisco newspapers:

"If the lady that lost the gold ring in the Frisco theatre about fifteen years ago will give a description of ring, I will deliver same by express."

It was signed "S. P. Wall, 117½ West Third Street, Fairbault, Minn."

GLENDALE GIRL TO BE ACCOMPANIST UPON PROGRAM

MISS ELIZABETH MOTTERN, DAUGHTER OF REV. MOTTERN, TO PLAY AT CONCERT

The last concert of the Ambassador Soloists' series, to be given at the Ambassador auditorium, Los Angeles, Thursday night, March 31, is to be a joint recital by Kathleen Parlow, the world's greatest woman violinist, and Lillian Backstrand, coloratura soprano, said to be both vocally and personally "the reincarnation of Jenny Lind."

Lillian Backstrand's appearance will be of special interest. She is the first local artist in the Ambassador Soloists' series. In selecting her for the purpose of winning recognition for local singers the directors of the concert series, Adolf Tandler and Jessica Colbert, certainly made no mistake.

Daughter of Local Man

All of her appearances have been exceptionally successful and as soloist with Grauman's Symphony orchestra a week ago she made an almost unequaled hit.

Although she never appeared in Glendale, she is known to a large number of people, both here and in Burbank, where she sang at the High School auditorium a couple of years ago.

The accompanist for Miss Backstrand at the Ambassador concert will be a very talented young Glendale girl, Elizabeth Mottern, daughter of Rev. R. W. Mottern.

RACE PROBLEM FOR BASIS OF NOVEL, 'SEED OF SUN'

JAPANESE QUESTION USED BY WALLACE IRWIN IN HIS INTERESTING BOOK

Many interesting volumes have been released recently at the branch of the Glendale public library, corner Brand boulevard and Los Feliz Road, Charles H. Cushing in charge.

California now has its race problem novel. Wallace Irwin in his "Seed of the Sun" presents the matter in a very convincing manner. Two sisters brought up in New York society come out to California to take possession of their ranch, which is located in a settlement occupied exclusively by the Japanese.

In their New York life having come in contact with the Japanese aristocracy only, they start their new life prejudiced in their favor. How their experience on the California ranch completely changes their point of view makes a very interesting story. This book presents the social side of the question in the form of fiction.

In Stoddard's "Rising Tide of Color," a scientific treatment of the whole color question is presented in a most interesting way, viewed in the light of history.

Philosophy of History

Another very interesting and remarkable book just received at the branch library is "The Outline of History" in two volumes by H. G. Wells.

This work is really a philosophy of history treating the subject in perspective. Going back to prehistoric ages it traces the great movements of the world showing how everything is related as cause and effect and how in spite of seeming contradictions at times civilization is making progress.

"Fifty Years of Make-Believe," by Frederick Warde will interest everyone who has witnessed the author's splendid impersonation of Junipero Sera in the Mission Play.

It is not only an interesting account of his own career as an actor, but contains many anidotes of other great actors and actresses with whom he came in contact.

Pauline Frederick Is Appearing At Glendale

In "A Slave of Vanity," one of the best photo-plays of the season, Robertson-Cole presents Miss Pauline Frederick in the first of a series of pictures. The new film will be shown for the first time at the Glendale Theatre beginning today for a run of two days. The story is a screen adaptation of Sir Arthur Wing Pinero's famous drama "Iris" which was produced in England and the United States.

Miss Frederick has every opportunity in "A Slave of Vanity" to display her wonderful ability as an emotional actress. The story lends itself to her versatility as it would to no other actress appearing on the screen. A widow of social position and wealth whose late husband's will demands she remain single or sacrifice both money and position.

It is a big problem for Iris, because a young man who has plenty of talent but no money, has come into her life and she loves him. Also, she is loved by the richest banker in London but does not return his affection. In a series of pleasant surprises Iris is able to solve the riddle herself, but this is the trick of the picture.

In the cast with Miss Frederick are Nigel Barrie, Willard Louis, Maude Louis, Daisy Robinson, Arthur Hoyt, Ruth Handforth and Howard Gaye.

A Pathe review and a Rolin comedy round out the bill while Madame Clement will play the ever-popular "Old Black Joe" as the special organ number.

French Brides Unhappy In U. S., Is Declared

PARIS—The plight of French women "blinded by the lure of khaki" is prominently discussed in the Paris papers, following a statement by General Nivelle.

The famous French soldier declared that "Franco-American marriages should not be advocated as a means of spreading French propaganda."

"Such unions are not generally successful," said General Nivelle. "More than 10 per cent of the French brides of American soldiers have already been repatriated.

"The reason for this is that, although American hospitality charms the traveler, American life is not pleasing to the French women. Many French girls marrying the Yank soldier believed that all Americans were rich. They were disillusioned when the husband quit the khaki to take up the hard labor in offices and on farms.

"Not knowing the language the brides found themselves isolated in a country where nobody comprehended them. Furthermore, the brides were shocked at the unhomelike life of the American soldier and their failure to receive the thousand and one little attentions necessary to the happiness of the French wife.

"When she tried to economize the French bride found that she displeased her husband, who was accustomed to spend his income day by day. My observations were that the French brides who went to Texas and the middle west were the most unhappy."

Auto Scores Defeat Over Electric Rival

SAN FRANCISCO—Another railroad line has fallen victim of the automobile.

The newest victim is the Olive avenue line of the Pacific Electric railway in Redlands, which the Pacific Electric asked to discontinue, in a petition to the railroad commission.

"The territory served by this line is populated largely by residents who own private automobiles, and very little patronage is given," the petition said.

Areas formerly infested with cattle fever ticks were released from federal quarantine last year by the United States department of agriculture. Regions of the south now removed from the quarantine are now raising and marketing excellent cattle.

EAST AND WEST IN MEETING HERE, IS POEM'S CLAIM

HIGH TIDE OF PROSPERITY IS BREAKING ON GLENDALE'S SHORE, SAYS WRITER

Mrs. N. E. Vanorman, 667 Patterson, aged 81, has written the following:

FAIR GLENDALE, OUR JEWEL CITY

Kipling says "East is east and west is west,
And never the twain shall meet,"
But east and west both lay their crowns
At beauteous Glendale's feet.
For the high tide of prosperity
Breaks on our western shores,
And the bountiful hand of nature
Knocks at our eastern doors.

And so to prove our statement true,
And our contention win,
We open wide our folded gates
And bid them enter in.
And here 'neath Glendale's sunny skies,
Where vines and flowers entwine,
The east and west together meet
And worship at her shrine.

Protected by her mountains old
From the northern blast that chills;
With the strong life-giving airs of health
Sweeping down from her hills,
Fair Glendale sits in regal pride
In this most favored land,
With love and welcome in her eyes
And in her outstretched hand.

Oh, fair and lovely Glendale,
Blest home of joy and peace,
Where contentment sits at thy hearthstone
And strife and tumult cease,
We hail thee Jewel City,
Proud queen of this fruitful vale.
Our homes, our hopes, our happiness
Are all with thee, Glendale.

Mrs. Hyman said her husband has made it a regular practice to give her beatings ever since their marriage. The court insisted that she place an approximate number on the beatings and she said 100.

"The rule of the court is $50 for a beating," said the court. "Therefore, I will allow you $5000. This is the order of the court."

Prohibition Battle In Three Sections

WASHINGTON, March 22.—"The historic battle of prohibition," which many of the drys believed had been brought to a peaceful end by the eighteenth amendment and the Volstead law, is breaking out again today with unexpected vigor in all three branches of the government—legislative, executive and judicial. The developments in the renewed fight are:

Judicial "Sector"—The supreme court today hears arguments in the second big attack on the validity of the prohibition amendment, the ground being that section three, proposed by President Harding while a senator, is unconstitutional because it limited to seven years the time in which states might ratify.

Executive "Sector"—Dry forces urge the president and attorney-general not to put into effect the ruling of former Attorney-General Palmer that beer and wine may be made and prescribed in unlimited quantities as medicine. Dry and wet leaders urging the appointment of "strict" and "liberal" prohibition enforcement officers. Druggists and chemists, meeting here, appeal to Prohibition Commissioner Kramer for fewer restrictions on use of alcohol in making of medicines.

Legislative "Sector"—More drastic amendments to the Volstead act to prevent any widespread sale of beer as the result of the Palmer ruling being considered.

Expedition of one case which will determine whether liquor owned by an individual, but held in a bonded warehouse, may be removed to a man's home for his private use, was asked by the court today in cases appealed from St. Louis by Charles Cornell and George J. Ghio. The court previously held that liquor may be removed from one building of the owner to another, but has never acted on the question of taking it out of bond.

PROSPECTOR SHOOTS HIMSELF

VANCOUVER, B. C.—The body of Nels Peterson, a prospector, with a wound over the heart and with a discharged revolver lying near it, was found in a room at 306 Jackson avenue here. The man left a note declaring fear of insanity and stating his wish that his money, amounting to $3,100, be used for the relief of homeless and hungry children in this city.

Oils Under Pressure At Market's Opening

NEW YORK, March 22.—Oils were under pressure at the opening of the stock market here today.

Although there was some irregularity in other lines, the general tendency appeared to be to follow the market of yesterday. Encouraging reports in the labor and industrial fields were believed to justify the buying which sent prices up yesterday.

Today there was a tendency to renew the bear attack which prevailed previously and a number of issues were hammered with indifferent success.

Mexican Petroleum and Pan-American both were down in early trading. Rails were irregular. Studebaker appeared to be under fire at the start and lost half on the first sale at 69½. It rallied quickly to 70.

GIRL DIES IN BATHTUB

SAN FRANCISCO—Cordelia Paulus, 17-year-old daughter of George W. Paulus, well-known artist, was found dead in a bathtub at the family home in Palo Alto. Officers who investigated the case said that death was probably due to overheating of the room by a gas heater.

SUPPORT BONDS FOR CIVIC CENTER, IS PLEA ISSUED

ADVERTISING MATTER TO BE DISTRIBUTED; NEED AID ON ELECTION DAY

Editor The Evening News:—No more important matter has been up to the citizens of Glendale than the bond issue for a civic center and parks which will be voted on next Tuesday.

For years the city has needed places of rest and recreation for all its youth, and especially for those whose dispositions or limited home attractions are such as to require some additions in social diversion. There are young people in every city who require places where they may spend some of their leisure hours and may congregate with kindred spirits and they must be taken care of in ways and in places which are supervised, or they may do other things which will be harmful and will be discreditable.

Some of our citizens, recognizing this need, have tried for years to work up a sentiment for a Y. M. C. A. building or civic center, and for parks, but always without success. It seemed as if the matter was settled when the election for voting bonds for a civic center was carried last fall and it was, indeed, unfortunate that through error in not stipulating the exact amounts to be spent for each portion of the project the bonds were declared to be invalid or unsalable and now the work must be done over.

Seems Clear and Concise

The statement (No. 3) on the ballot this time, viz: "Shall the city of Glendale incur a bonded debt of $83,000 for the purpose of acquiring land and constructing and completing thereon all necessary buildings and acquiring all necessary furniture and equipment for a public gymnasium for the city of Glendale?" would seem to be clear and concise and it is sincerely to be hoped that this much-needed measure will receive the necessary two-thirds vote to make its carrying-out possible.

To accomplish this, however, is going to require the loyal support of all good citizens who are interested in their city, and this committee needs and solicits your help next Tuesday.

House-cards for posting in stores and homes are being prepared and can be obtained at the Chamber of Commerce rooms as early as Wednesday or Thursday. Get one and put it in a conspicuous place. Also, paper streamers, for windshields similar to those used in the last campaign will be found at the same place. Paste one or two on your car.

On election day let all loyal citizens who have machines report at the Chamber of Commerce early, ready to do the work of taking the voters to the polls.

It isn't the committee's duty alone, to do this, it is your duty, so just get in your mind, "this means me," and be there. If these things are done faithfully, these bonds will carry, but it's no cinch—we need your help.

W. B. KIRK,
Committee on "Civic Center and Parks."

Lionel Barrymore Is Palace Grand Feature

Lionel Barrymore — yes, he's a younger brother of Jack and Ethel—is the star of "The Master Mind," the feature film presented at the Palace Grand theatre only today.

It is a screen adaptation of Daniel C. Carter's stage success which took the country by storm a few seasons ago, and in the picturizing of the play's dramatic moments it is said to far surpass the possibilities of the spoken drama.

"The Master Mind" is presented by Whitman Bennett as a First National attraction and it was filmed under his personal direction as a super-feature fitted for the young star who has become a matinee idol just like his versatile brother Jack.

In brief, it is a story of a man who played the game for revenge and lost all—even love. "The Master Mind" has that element of intrigue and mystery and romance that grips the spectator with the intensity that marks the reading of an O. Henry story or an A. Conan Doyle novel.

In addition to the feature, Roscoe Arbuckle in one of his best two-reel productions, "A Reckless Romeo," adds that mirth to the program which makes one relish the heavier melodrama. A news reel completes the bill, while the Palace Grand orchestra provides music "equal to the pictures."

Large Sorghum Syrup Factory Is Proposed

Allies Must Foot Greece's War Bills

ATHENS — King Constantine will not go to Smyrna, and Greece will abandon the war against Mustapha Kemal and the Turks—unless the allies foot the bill.

Despite declarations and reports to the contrary by the king himself, the above deduction is the viewpoint of conservative Greek statesmen and entente diplomats in Athens.

King Constantine's spread eagle promises of leading his people to Constantinople has been all bluff, it is now admitted.

At the present time King Constantine has a "diplomatic cold." At the same time, the provincial propaganda is working. Almost daily the government papers print petitions from the Macedonian, Thracian and Pelliponesian peasantry entreating the king not to imperil his life by "going to Smyrna." The peasants loyally point out that his majesty's life belongs to Greece, not to himself.

From the royal palace emanates the information that his majesty is not at all displeased over the solicitousness of his subjects. Smyrna at best is a cold, barren, desolate place in winter.

The chief fear in royalist circles, however, is that the Venizelists will make capital out of any failure to carry out pre-election pledges. In this event, it is planned to have the king pay a two or three day visit to the front. In no case will he assume personal command of the troops.

As to Greece's abandoning the war against Turkey, it is pointed out that Greece today cannot even pay the interest on her former loans. For more than the past quarter of a century Greece has continually borrowed money. Virtually none of the principal has been paid.

The Greek people are either very wealthy or very poor. Thus far no means of extorting taxes from the paupered peasants has been devised, and no government has been strong enough to extract any important amount in internal loans from the rich Greeks.

The Venizelos government secured about a million pounds by threats of "confiscation and mobilization of wealth by the state." The final result was the transference of private wealth to Paris and London by the capitalists and the enforced migration of Venizelos and his cohorts to Nice.

Former Postmaster Chief Denies Grouch

AUSTIN, Tex.—Albert S. Burleson, retired postmaster general, has returned to his home in Austin. He said that he would not resume the practice of law, but would devote the remainder of his life to looking after private business interests. In speaking of his administration, he said:

"One of my good friends of the 'mendacious' press was kind enough to say about me as postmaster general: 'He has roamed at large, been allowed to administer his office in his own amazing way.' In a measure this is true. If the record made has been a bad one, no one is responsible other than myself; on the contrary, if the record has been a good one, I have an abiding faith that history will so record it.

"Frankness compels me to say that during my tenure, which has broken the record, I having served as a cabinet officer longer than any other postmaster general in the history of our country, I have had a corking good time, having enjoyed every moment of it. My friends, the newspapers and magazines, have also had a bully time criticising, denouncing and cartooning me. I have no grouch against them; they were entitled to their sport, for they had paid for it. They will pay each year $20,000,000 more than they were paying for the transportation of their advertising when I became postmaster general. The truth is, the second-class postage rate is now only one-third of what it should be, and I have recommended an increase of the same.

"The only two reforms I failed to accomplish were: First, to give the business men of America penny postage. They are justly entitled to it, as they are now paying a higher postage rate than they should pay in proportion to postage charges on other classes of mail. I would have accomplished this but for the world war.

"The other reform which failed was to prevent government employees from affiliating with outside labor organizations."

MEDICAL CORPS AT U. OF C.

BERKELEY—The University of California received official notification from Adjutant General P. O. Harris of the War Department, Washington, D. C., that the Secretary of War has approved the establishment and maintenance of a medical corps unit of the Reserve Officers' Training corps at the university.

Immediate establishment will begin on the corps which will be composed of fifty male students who will receive medico-military training and instruction throughout the four years of the medical course, the regents at a recent meeting announced.

Part Time Schooling Is Being Advocated

SACRAMENTO—Senator W. S. Scott of San Francisco waged a vigorous battle before the senate committee on education for his amendment to the part-time education act, which would permit working boys to attend night school instead of being forced to take "time off" during the work day.

The present part-time education act discriminates against the working boy who must work for a living, said Scott. Employers do not want to hire boys because they cannot have the business day broken up by the boy attending school.

The attendance of night schools for four hours a week would accomplish the same result as the present part-time system, said Scott. A committee of San Francisco night school teachers appeared before the committee.

Scott's amendment makes night school attendance compulsory for boys under eighteen years of age.

Warrants Issued For Aerial Duck Hunters

SACRAMENTO — Pictures shown in a well known motion picture news weekly depicting an airplane crashing into a flock of wild ducks, which were taken near Colusa last October, has resulted in the filing of criminal proceedings against Louis Hutt, photographer; Lieutenant Harry Halverson of San Francisco, J. M. Fetters, commercial aviator, and Richard Done.

The complaint was filed by C. S. Hauser, chief of the government division having in charge violations of the migratory bird act, and charges the men hunted ducks in airplanes in violation of the migratory bird act. The complaint was filed before Wallace Shepard, United States commissioner.

Court Upholds Housing Law For New York

ALBANY, N. Y.—The constitutionality of the New York emergency housing laws was upheld by the court of appeals.

The decision was that to uphold the right of one landlord to maintain ejection actions against tenants, which process was suspended until 1922, would be to crack the legislative design into fragments, which would afford little protection to the tenants in possession.

The court predicated this sweeping decree upon the police power of the state.
